

QUALITY POLICY

Major principle of the Quality Policy of the Management of Kujawskie Zakłady Poligraficzne „DRUK-PAK” S.A. in Aleksandrów Kujawski is to satisfy clients' demands as regards the design and manufacturing of cardboard packaging, information leaflets and labels.

Complete implementation of the Quality Policy enables attaining strategic objectives such as:

- broadening the market,
- ensuring products' competitiveness,
- building up reputation based on products' high quality.

Attainment of strategic objectives is enabled by implementation of operational activities such as:

- ensuring client satisfaction by complete fulfilment of contract provisions and responding properly to client's changing demands,
- cooperation with suppliers who guarantee stable and the highest quality of raw material supplies,
- maintenance and constant improvement of the quality management system and GMP requirements,
- involvement of all the personnel in attainment of the quality management system objectives by:
 - incentives for quality,
 - personnel trainings to ensure constant improvement of the personnel's awareness of product quality, quality management system and GMP requirements,
 - holding regular meetings on quality with clients to identify their expectations for quality,
 - full responsibility of personnel members for their products.

Quality Policy of the Management of KZP „DRUK-PAK S.A. :

- serves as a basis for constant improvement of the quality management system, GMP requirements introduced and of inspections,
- has been communicated to all the employees of all ranks in the company and is clear to them.
